

## OPEN SCHEDULE THIS EVENING

Spaulding High Will Play  
Montpelier High

## ON THE BASKETBALL FLOOR

Spaulding Has Lost the Services of Its  
Captain Because William Maiden  
Is Over the Age Limit of the  
Schoolmasters' Club.

The Spaulding high school basketball team will play its first scheduled game of the season to-night with Montpelier high school at the Y. M. C. A. gymnasium in Montpelier. The team will be made up largely of new men this year, because of the graduation of several men and the ineligibility of William Maiden, who was elected captain for 1911 but who is too old to play under the new rule of the Vermont Schoolmasters' club, the age limit being 21. Besides being captain, Maiden was the fastest player on the squad, so the loss will be severely felt.

However, some good young players are being developed under the coaching of Mr. Edwards of the faculty and the ineligible captain, and it is hoped that a creditable showing can be made. Stuart and Williams are the only veterans on the squad, and they will occupy the forward positions. For center there is Carroll and for guards Troupe and Grady, with Ogsten as first substitute. This is a fairly well-balanced team, which will develop quickly.

Manager Stuart announces the following schedule of games:

January 18, Montpelier high at Montpelier.  
January 27, Stowe high at Barre.  
February 3, Montpelier high at Barre.  
February 3, People's academy at Morrisville.  
February 4, Stowe high at Stowe.  
February 10, Burlington high at Barre.  
February 15, Goddard seminary at Barre.  
February 23, People's academy at Barre.  
February 28, alumni at Barre.  
March 1, Goddard seminary at Barre.  
March 3, Burlington high at Burlington.

### BASEBALL SUBSCRIPTIONS.

For Leasing the Rangers' Field Are Being Received.

A largely attended baseball meeting was held in the Scamplin block last evening to complete negotiations for leasing the athletic field, known as Rangers' field, on Berlin street, of A. Scamplin. During the past week a subscription paper has been circulated about the city, and an amount substantial enough to warrant the carrying out of the project was secured from this source. A park committee was elected during the evening, composed of the following persons: William Scott, James Patterson, William Wright, T. Cabelloni, Robert Kerr and Robert Duncan.

The committee will take charge of the park during the coming season and the different local organizations placing teams in the field will arrange for the grounds with this committee. The members of the committee will hold another meeting shortly, at which time the basis on which the field will be used by the various teams will be decided.

John J. Barry of the Philadelphia Americans the Groom.

Worcester, Mass., Jan. 18.—John J. Barry, shortstop of the Philadelphia American league baseball team, was married to Miss Margaret E. McDonough, daughter of Mr. and Mrs. Thomas McDonough of 1 View street, Worcester, yesterday morning.

The couple were married with a nuptial high mass at the Church of the Sacred Heart. The mass was sung by the Rev. Francis H. Smith. The Rev. Bernard S. Conaty performed the marriage ceremony. The best man was George Daly of Boston, a classmate of the groom at Holy Cross college. The maid of honor was Miss Sadie W. McDonough, a sister of the bride. Following the wedding a reception was held at the home of the bride. Mr. and Mrs. Barry will leave for the South on the 22d of this month. Mrs. Barry will travel with her husband throughout the baseball season.

Knockout Brown will be his opponent in the first bout February 8. Battling Nelson will make his "possession" appearance in the second, and Owen Moran, the English challenger for Wolgast's title will be the champion's opponent in the third set-to. Wolgast is guaranteed \$5,000 for each of the bouts.

### TEN SLASHING ROUNDS

In Which Mike "Twin" Sullivan of Boston Was Better.

Buffalo, N. Y., Jan. 18.—Mike "Twin" Sullivan of Boston and the Dixie Kid of New York fought ten slashing rounds before the Buffalo Social club here last night. There was no decision, but it was the opinion of sporting writers at the ringside that Sullivan would have won in another five rounds.

### EASY FOR PAL MOORE.

Whipped Matty Baldwin in 12 Rounds. Bout at Boston.

Boston, Jan. 18.—Pal Moore of Philadelphia gained an easy victory over Matty Baldwin of Boston in a 12-round bout at the Armory Athletic club last night. Moore had a clear lead in all but two of the rounds.

## GAUNT SPECTRE OF THE TARIFF THERE

But the Issue Was Finally Met By All Speakers at Baltimore Jackson Day Gathering.

Baltimore, Jan. 18.—The gaunt spectre of the tariff with all the vicissitudes it brings from without and within the political party, stalked boldly through the Jackson day gathering of the Democrats in this city yesterday. It made its presence felt at the mass meeting at the Lyric in the afternoon and it would not down at the bountiful feast which was spread at the Fifth Regiment armory last night.

But the issue was fairly met by all the speakers. Some frankly acknowledged that there would be differences of opinion among the Democrats on the subject, as there had been among the Republicans. Senator Bailey, for instance, while declaring that harmony of action must be the watchword of the Democracy if it is to maintain the advantage won at the last election, took direct issue with those Democrats who favored a radical revision of the tariff. Champ Clark, speaker-to-be of the House of Representatives, had just announced that the sentiment among the Democrats in the House seemed to favor piecemeal revision—schedule by schedule if possible, but item by item if necessary.

"And the most obnoxious items first," exclaimed Mr. Clark. "As between rotten apples," insisted Senator Bailey, "there is no choice. Every schedule in the Payne-Aldrich law is bad."

Governor Harmon of Ohio, one of the most prominent figures in the day's gathering, also pounced upon the tariff, as did practically everyone of the long list of speakers at the mass meeting and banquet. The day passed, as the Democratic leaders wished it might, without an attempt from any quarter to launch a boom for the presidential nomination in 1912. Senator Bailey, while looking horns with Champ Clark on the method of revising the tariff, paid the Democratic leader of the House the tribute of placing him in the presidential class. "If Champ Clark makes a better speaker than Mr. Harmon makes a governor," he declared amid enthusiasm, at the Lyric meeting. "But," he added, "if Governor Harmon makes a better government than Champ Clark makes a speaker, then we are going to nominate Mr. Harmon."

### DEXTER, ME.,

### BANK FAILS.

The State Authorities Take Charge of the Oldest Institution After Run by Depositors.

Dexter, Me., Jan. 18.—The Dexter Savings bank closed its doors yesterday by order of State Banking Commissioner W. B. Skelton. The closing followed a run on the bank, which is one of the oldest in this section of Maine, being incorporated in 1867.

W. H. Carr is president and W. H. Judkins, treasurer.

The Dexter Savings bank was incorporated in 1867. Its assets, according to the last report made public, were \$222,500.

### A DELICATE QUESTION.

Regarding Rights of Command in Certain Cases.

Washington, D. C., Jan. 18.—Congress is now asked to settle a problem which army and navy officers consider likely to develop into a serious matter. The military men want Congress to decide what service, in case of a joint operation of soldiers and sailors, shall have the right to command. For example, if a combined attack were being made upon a foreign shore, with battleships taking part, and marines included also, there is no provision in the United States statutes as to who would be in command of such an operation.

The general board, composed of both army and navy officers, suggests to Congress a simple means of settling the point. They would have this rule enacted: Let the army command every man on land, whether soldier or sailor, and let the navy give orders to everyone when afloat.

Thus soldiers on a transport, or being landed on the shore, would be under command of the ranking army officer present, as soon as the sailors if they were included in the landing party, left the beach, they would be under command of the ranking army officer. It is also proposed to have the marine corps subject to the orders of the service to which it is detailed in any specific instance. If it were detailed to assist the army, it would be a component part of the army, and subject to its orders. If its commanding officer were outranked by the army officers present, he would be under command; on the other hand, the marine corps officers would command the force of soldiers and marines if he were the highest in grade.

The military authorities have the support of the president in asking for legislation to cover these points, and are earnestly hoping that the bill will pass. Other measures to further adjust the relations of army, navy, and marine corps, are under consideration.

## TRUTH CROPS OUT

Why Pile Sufferers So Often Fail to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment. Dr. J. S. Leonard, some time ago perfected a remedy in tablet form—Hem-Roid, which cures the cause of piles, and therefore cures permanently. It is sold by Burt H. Wells, Barre, Vt., under money-back guarantee. \$1 for 24 days' treatment. Dr. Leonard & Co., Station B, Buffalo, N. Y. Write for booklet.

## DEADLOCK IN NEW YORK

Sheehan Fails at Election as Senator

## TWENTY DEMOCRATS BOLT

Connecticut Legislature Chooses McLean. In Maine, Charles F. Johnson Is Hale's Successor.

Albany, N. Y., Jan. 18.—A deadlock resulted from the first and only ballot taken yesterday by the Senate and assembly separately for United States senator. William F. Sheehan, who led the Democratic candidates, got a total of 91 votes in both houses. Since 1906 members voted, this number was less than the majority necessary for election.

The joint vote received by other Democratic candidates were: Edward M. Shepard, 14; Alton B. Parker, 6; James W. Gerard, 2; Martin W. Littleton, 2; D. Cady Herriot, 2. The 70 Republicans present cast their votes for Chauncey M. Depew.

The result shows that since Monday night's caucus, Mr. Sheehan has just held his strength. All the 91 Democrats who attended the caucus voted for him yesterday and no more. The 23 Democrats who bolted the caucus preserved their ranks unbroken so far as unanimous opposition to Mr. Sheehan was concerned. The 26th vote outside the Sheehan total was cast by O'Connor, an independence league assemblyman. The five absentees were all Republican.

### ELECT JOHNSON TO SUCCEED HALE

Augusta, Me., Jan. 18.—Charles F. Johnson of Waterville, Democrat, was elected a United States senator to succeed Eugene Hale by the Maine legislature at noon yesterday. Mr. Johnson received 107 votes and Frederick A. Powers of Moulton, Republican, 67. In the House the vote was strictly on party lines, 85 to 59. In the Senate it was 22 to 8 in favor of Mr. Johnson, Senator Chandler of Washington bolting his party and voting for Mr. Johnson.

### McLEAN WINS SENATORSHIP.

Hartford, Conn., Jan. 18.—George Payne McLean of Simsbury, Republican, was chosen United States senator by the Connecticut for the six-year term beginning March 4 next, by the general assembly yesterday.

Butte, Mont., Jan. 18.—Balloting for United States senator was without result. The vote stood: Carter, Republican, 26; Walsh, Democrat, 32; Conrad, Democrat, 17; scattering, 25; necessary to a choice, 51.

Lincoln, Neb., Jan. 18.—Representative C. M. Hitchcock (Democrat), was yesterday elected United States senator to succeed Senator E. J. Burkett.

### VOTE BUYING IN ILLINOIS.

Charges That the Practice Long Has Been Common in Cannon's County.

Danville, Ill., Jan. 18.—Charges that this county, the home of Joseph G. Cannon, speaker of the House of Representatives, long had been debauched by vote buying, were made before a grand jury here Monday. The court charged the practice had been carried on for many years by both parties and urged a long and searching examination. The court said a moral wave is sweeping over the country and that this country would be made to feel its effect. A large number of witnesses have been summoned.

### TAFI AVOIDS POLITICS.

The President Will Take No Part in Any State Controversy.

Washington, Jan. 18.—It was stated emphatically at the White House yesterday that President Taft does not intend to take any part in state politics. The statement was brought forth by the report published yesterday morning that the president was to participate in a conference of New York state leaders to be held yesterday with a view of selecting a new state chairman. Lloyd C. Griscom and E. P. Prentice, the retiring state chairmen, were guests at the diplomatic dinner at the White House last night, but it was said that this fact had no connection whatever with the New York state situation. They were invited simply in recognition of their hard work for the party, it was said.

Senator Root called at the White House early yesterday but said he knew nothing of any proposed conference.

### AUTOMOBILE LAW VOID.

In New York Compels Person to Give Evidence Against Himself.

New York, Jan. 18.—The Callan automobile law, which provides that a person who runs down another with an automobile must stop and give his name and address, is unconstitutional, according to a ruling of Justice Crain, made Monday in dismissing the indictment against Edward L. Rosenheimer, the young millionaire, who was charged with speeding away after he ran down and killed Miss Grace Hough on the night of Aug. 18. Rosenheimer was tried and acquitted on a charge of murder, but was promptly indicted again under the Callan law. Justice Crain declares that this law is in violation of an article of the state constitution, commonly called the "bill of rights," which provides among other things "that no person shall be compelled to be a witness against himself in any criminal case."

## NO MORE DISTRESS FROM THE STOMACH

All Misery from Dyspepsia, Gas, Indigestion and Heartburn Vanish and You Will Feel Fine in Five Minutes.

Every family here ought to keep some Diapiesin in the house, as any one of you may have an attack of indigestion or stomach trouble at any time, day or night.

This harmless preparation will digest anything you eat and overcome a distressed, out-of-order stomach five minutes after wards.

If your meals don't tempt you, or what little you do eat seems to fill you, or lays like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Ask your pharmacist for a 50-cent case of Pape's Diapiesin, and take a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, no distressing headaches, dizziness or intestinal griping. This will all go, and besides, there will be no sour food left over in the stomach to poison your breath with noxious odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery at any drug store, waiting for you.

These large 50-cent cases contain more than sufficient to cure almost any chronic case of dyspepsia, indigestion or any other stomach trouble.

### OFFICERS ASSAIL

### CAMP; TWO SHOT

Construction Gang Resorts Beer Raid. Deputy Wounded, His Opponent Dead.

Topsham, Me., Jan. 18.—Firing at each other simultaneously, John Parri, an Italian laborer, was fatally wounded, and Deputy Sheriff John Ballou of Bath got a bullet wound in the head, which is considered dangerous, in the course of a riot at an Italian construction camp near here yesterday. Parri died a few minutes later. Deputy Ballou was taken to the Bath hospital. The riot was quelled shortly afterward by two deputy sheriffs, who had gone with Deputy Ballou.

The trouble originated in a raid on the camp Monday afternoon, when two deputy sheriffs and the Rev. Henry N. Pringle of Waterville, an officer of the Maine Christian Civic league, seized a quantity of beer. Fifty Italians charged the three officers and rescued the beer. The officers, realizing that they were powerless, left the scene.

Warrants for the arrest of some of the Italians were got at Bath, and Deputy Ballou and two other officers went to the camp yesterday. They found the Italians in an ugly mood. After they had made an arrest, the Italians rushed at them and rescued the prisoner.

Then Deputy Ballou approached the group of men alone. As he walked toward them, Parri left the others and advanced to meet the officer. Deputy Ballou saw that the man was armed. When they were 10 feet apart, both raised their revolvers and fired. The Italian got a wound in the right side, while the deputy shot went wild, as he felt he fired again and the bullet struck the deputy under the left eye.

### MILWAUKEE'S DIME

### CONCERTS DON'T PAY

Civic Plan to Make Music Popular Results in a Deficit of \$1,000.

Milwaukee, Wis., Jan. 18.—The Socialist administration got figures from the four municipal Sunday afternoon concerts which have been held since December 1. The deficit is now \$1,000, or about \$250 for each concert.

The plan was to continue the concerts until the summer months, and it was expected that the concerts given by a high-class orchestra at a cost of only 10 cents admission could be so largely attended that they would soon become more than self-sustaining, resulting in the introduction of promising amateurs, who would thus get a chance to receive the verdict of the public.

### BOUGHT SUGAR OF LEAD.

Mrs. Schenk Also Tried to Get Arsenic, Doctor Testifies.

Wheeling, W. Va., Jan. 18.—The most important feature of yesterday's session of the trial of Mrs. Laura Schenk, charged with attempting to poison her husband, John O. Schenk, was the testimony of J. W. Myers, a prominent physician, that the defendant had bought sugar of lead from him and tried to get some Fowler's solution of arsenic.

Dr. Myers said that when he refused to give her the arsenic she told him that she had bought some from another physician.

Lundy Wilson, the chauffeur employed by Mrs. Schenk, testified to rides which he said she took with young Phillips, the piano salesman. He said that Mrs. Schenk told him that her relations with Phillips were improper.

Dr. Edward Burns, one of Schenk's physicians, said in reply to a hypothetical question, based on Schenk's symptoms, that the man was suffering from lead poisoning prior to October 21, and that arsenical poisoning developed after that.

### The Usual Affection.

"I observed, however," said the wife, "that there seemed to be the usual number of dry throats."—Tit Bits.

## 8 KILLED IN DISASTER

Fatal Accident on U. S. S. Delaware

## BATTLESHIP SOUTHBOUND

Men Scalded by Steam—Commander Sends Names of Victims and Asks That Tug Meet Ship at Hampton Roads.

Washington, Jan. 18.—Eight men were killed and one injured on the United States battleship Delaware en route from Guantanamo, Cuba, to Hampton Roads, according to a wireless message received by the navy department yesterday afternoon.

The dispatch stated that the men were burned by steam and that details of the accident would be telegraphed to the department when the vessel arrived at the Norfolk navy yard about 9 o'clock last night.

The dead men are:

Charles Henry Harp, William Morris White, Columbus Porter Watts and Herbert Anderson Brewer, all firemen; Lewis Addison White and Clarence D. Witt, coal passers; Christian Jensen, water tender, and an unknown man.

Eugene Philip, a fireman, was badly injured.

The wireless message was sent by Capt. Gove of the Delaware to Admiral Marshall, commander of the Norfolk navy yard, who transmitted it to the secretary of the navy.

Capt. Gove requested that a tug meet the Delaware immediately upon her arrival in Hampton Roads to prepare to transport the dead and injured ashore.

### PICKS DISASTER

### TALE FROM AIR

Wireless Message, Intercepted at Seattle, Says Fire Has Destroyed Gardner, Ore.

Seattle, Wash., Jan. 18.—The following message being sent from Marshfield, Ore., to Roseburg, was picked up by the wireless station here yesterday:

"Have just been informed that town of Gardner, Ore., is totally destroyed by fire. No doubt many people in distress. Almost impossible for us to reach them immediately."

### TWO FISHERMEN IMPERILED.

Buffeted About by the Floes, They May Yet Be Rescued.

Lexington, Mich., Jan. 18.—On the Lexington shore of Lake Huron a huge bonfire burned last night, a signal of encouragement to the two Fort Sanilac fishermen, William and Herbert Walker, who since Monday morning have been buffeted about by vast ice floes on the lake.

The men were seen late yesterday drawing their row boat upon the ice and hope is strong that they will be rescued alive. A mile away the Harbor Beach life boat and its crew of ten men were fast in the ice and the life savers' predicament would also have been precarious but for the fact that tugs were ploughing through the ice to the rescue.

The tugs, well provisioned, left Port Huron, 35 miles south of here late yesterday afternoon and the United States tug Sapper, hurried down from Harbor Beach, 30 miles north of here, when it was seen that it would be impossible to reach the drifting men from the shore.

## SUBMARINE AT THE BOTTOM 3 HOURS

Captain Telephones Crew Has Oxygen for 48 and Salvors Take Time in Rescue.

Kiel, Germany, Jan. 18.—The German submarine U3 sank in the harbor yesterday, but was raised after three hours' work, and the crew of 25 men rescued unharmed.

The sinking was due to accidental filling of the water bunkers. Soon after it disappeared, the salvage ship Vulcan, which is equipped with modern machinery for the raising of submerged vessels, was on the spot and gave the first successful demonstration of what she could do in the emergency for which she had been planned.

First, communication with the submarine was established by a buoy telephone, over which the commander of the U3 reported that the vessel had a 48-hour supply of oxygen and that the crew was in no immediate danger.

Divers were then sent down, and they placed a chain about the hull of the submarine. The chain was attached to powerful cranes built on the deck of the Vulcan, and soon the salvager's power plant was in operation and the U3 slowly was released from her bed in the mud. Exactly three hours after the accident occurred, the periscope of the under-water warship appeared above the surface.

Prince Henry of Prussia was an interested spectator of the successful operations. The exact dimensions of the U3, of which the navy expects much, have kept secret.

### Got a Wrong Start.

A circular has been distributed in Montpelier and some other towns calling for the organization of an "Independent Republican party" with Hon. Percival W. Clement (the shadow will not down) for governor; Hon. H. C. Royce for lieutenant governor and Hon. Frank Green (a) for M. C. The circular says among other things: "We are sure winners if we make the start right." But the authors of the circular are starting wrong by issuing an anonymous proclamation. A failure to sign their names indicates that they are scared at the start. Nobody wants to follow a hide and seek party. It is only fair to the men whose names are mentioned to say that unquestionably they know as little about the matter as the general public—which is nothing at all.—Northfield News.
